GreenHealth Approved™  
Product List

Greenhealth  
APPROVED™

Founded in 1981, Keilhauer is a privately owned, design-forward contract furniture manufacturer with a mission to craft quality products that serve people and the planet. We believe good design does more than just look great, it has the power to change our daily lives for the better. Every piece we produce is crafted to the highest environmental standards and intended to transform workplaces into environments where individuals can connect, engage and thrive.

From responsible material to carbon reduction, Keilhauer is committed to sustainability while making work comfortable for all.

### **Circular Design**

Sustainability is built into every stage of our design process through our Design for Environment program. We prioritize sustainable materials and plan for end-of-life recyclability from the outset.

Our materials include FSC®-certified wood, bio-based foams, recycled aluminum and textiles sourced from carbon-neutral, clean-water, and zero-waste facilities as well as textiles made from recycled yarn.

Keilhauer seating and tables are BIFMA LEVEL® 3 certified, setting a high standard for environmental, health, and social responsibility across the entire product life cycle. In addition, most Keilhauer products carry SCS Indoor Advantage™ Gold certification, ensuring exceptional indoor air quality and contributing to healthier spaces for all.

### **Carbon Neutrality**

More than 20 Keilhauer product families are certified carbon neutral, helping shape refined spaces with lighter footprints.

### **100% Clean Electricity**

We offset all facility electricity usage with renewable energy credits.

### **Zero Waste Facility**

Our manufacturing facility diverts the vast majority of waste from landfills, with the remainder converted into energy, demonstrating our commitment to circular practices.

# KEILHAUER

In keeping with Keilhauer's deep commitment to responsible and sustainable design, every aspect of our products have been thoughtfully developed with the wellbeing of our planet in mind. From sustainably sourced materials and responsible manufacturing to carefully planned end-of-life strategies, environmental impact is considered at every stage of the process.

The list below highlights all Keilhauer products that meet the Greenhealth™ Approved criteria, an important benchmark for safer, more sustainable choices in healthcare and beyond.
