EN PLEIN AIR

A PVC-FREE RESILIENT COLLECTION

Brushstroke in Whisper BRT209. Random.

EMBRACING SPONTANEITY

The En Plein Air collection is designed with both people and the planet in mind. As our third PVC-Free collection, it reflects our commitment to creating healthier indoor environments without compromising on design. Inspired by the fluid, expressive nature of outdoor painting, these designs bring a sense of movement, tranquility and connection to any space. Combining well-being with artistic influence, this collection proves that great design can be both beautiful and responsible.

MINDFUL DESIGN

This collection brings together three harmonious designs—Brushstroke, Bristle, and Gouache. The soft color shifts and muted contrasts are informed by neuroaesthetics, fostering a sense of calm and balance in any space. By offering natural transitions and tonal simplicity, these patterns help reduce visual stress while maintaining warmth and visual interest. Together, these designs contribute to a healthier, more intuitive environment.

SUSTAINABLY STYLED

Sustainability is at the heart of our design philosophy. As our third PVC-free collection, this line represents our ongoing commitment to doing what's right—for both the planet and the people who inhabit the spaces we create. By eliminating PVC, we're reducing environmental impact while also supporting healthier indoor environments. And because we believe sustainability should never come at the expense of great design, this collection delivers both—thoughtfully crafted aesthetics with uncompromising performance.

ART FOR WELLNESS

This collection is inspired by the transformative power of art. Studies have shown that engaging in art can reduce stress, enhance emotional well-being and foster a deeper connection between mind and body. Designed with thoughtful aesthetics and mindful material choices, this product line brings a sense of balance and serenity to any space. Just as art therapy encourages connection and relaxation, these designs support environments where people can feel inspired and engaged.

BUILT TO ENDURE, DESIGNED TO INSPIRE.
