How It Works

Submit

Submit product information and ingredients.

Verify

Our experts verify claims against established criteria from Health Care Without Harm and Practice Greenhealth

Approve

Qualifying products receive the Greenhealth Approved Seal

Why Greenhealth Approved?

- ✓ **Stand out in the market** - Help customers easily identify your sustainable products
- ✓ **Accelerate sales cycles** - Pre-vetted products move through procurement faster
- ✓ **Build customer trust** - Independent third-party verification by healthcare sustainability experts
- ✓ **Access major buyers** - Products listed on our searchable database viewed by procurement professionals

All products must meet the following qualifications

APPROVED FOR HEALTHCARE USE

Your product must be usable for hospitals, clinics, or other healthcare facilities.

U.S. SALES

You must sell your products in the United States.

COMPLETE INGREDIENT LIST

You need to provide all ingredients in your products.

SIGNED PROMISE

You'll sign a document confirming your product meets our requirements.

Additional requirements by product type:

CARPET & FLOORING

- Meet Health Care Without Harm's carpet and flooring standards (silver level minimum) include fiber, backing, flooring material, coatings, and adhesives
- Have either:
 - Health Product Declaration (detailed ingredient list), OR
 - Declare Label (certified ingredient disclosure)

MEDICAL PRODUCTS

- Meet Health Care Without Harm's Safer Medical Products standards
- Must be PVC-free and DEHP-free
- Meet all FDA requirements

GLOVES

- Meet all Health Care Without Harm's Sustainable Glove standards
- Focus on safer chemicals and responsible manufacturing
- Meet all FDA requirements

FURNISHINGS

- Must meet all applicable federal regulations.
- BIFMA Certification Required
 - Must have BIFMA Level certification with Optional Credit 7.4.4 (includes Health Care Without Harm's Healthy Interiors criteria).
- Alternative Path: If your product fits our categories but isn't in BIFMA's certification group, you can have a BIFMA auditor review it against section 7.4.4 criteria.
- You'll sign a document confirming your furniture meets Health Care Without Harm's Healthy Interiors criteria.

FURNISHING TEXTILES

- Meet Health Care Without Harm's Healthcare Sustainable Furnishing Textile standards.
- Must have:
 - Health Product Declaration (detailed ingredient list), OR Declare Label (certified ingredient disclosure)
 - **AND** OEKO-TEX® STANDARD 100 OR Independent test results for specific chemicals of concern (See Furnishing Textile criteria document for more details)
